

ANTON ERIKSSON

Cognitive Scientist, UX-Designer & Front-End Developer

DETAILS

Date of Birth
1995-06-11

Nationality
Sweden

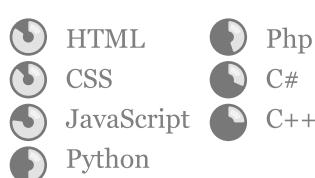

Phone Number
0725 69 22 90

E-Mail
anton.eriksson.gu@gmail.com

Bachelors Thesis
<https://gupea.ub.gu.se/handle/2077/70243>

SKILLS

Language
Swedish, English

Software

Figma, SPSS, Visual Studio,
FL Studio

Interpersonal

Diplomacy, Patients,
Responsability, Empathy,
Lightheartedness, Modesty

Taskrelated

Innovation, Creativity, Empirical
Reasoning, Analytical Thinking,
Concept Development,
Meticulousness, Curiosity

PROFILE

I strive to find a workplace where I can channel my range of knowledge and be a part of the creation of grand and beautiful projects. My endeavors have made me a sensible and well rounded analytical person and I thoroughly enjoy seeing ideas come to life and exploring the multiple disciplines involved. I have the ability to uncover potential possibilities and pitfalls, from a range of angles. Both in regards to our human limitations as well as the technical aspects. Perhaps most importantly, what I don't yet know or understand, I'm willing to learn.

EDUCATION

MSc Interaction design and technologies, Chalmers
September 2021 - On going

- I'm gaining a deeper understanding of the design process and developing my skills in prototyping, wireframing and information visualization.
- I have intentionally sought after and included courses that involve coding, such as Computer Graphics and Web Development: Scripts and Databases.

BSc Cognitive Science, Gothenburg University

September 2018 - June 2021

- I gained knowledge of a multitude of cognitive processes, such as perception, attention and memory, and how they are integrated in the human mind.
- I learned about coding and the underlying structures of AI and Big data.
- The education developed my skills in research, conduction of scientific studies, critical thinking and of course cooperation.

Additional Courses

- Dynamical Web Applications, 7.5hp (Summer 2021)
- Introduction to C#, 7.5hp (Summer 2021)
- Research Frontiers in the Digitalization of Society, 15hp (Summer 2020)

WORK-LIFE EXPERIENCE

Customer Service and Sales, Telia Company

January 2017 - September 2018

- Helped customers with everything from invoices, technical issues to sales of hardware and services.

Personal Assistant, Ambass AB & Norrköping Municipality

June 2014 - July 2015

- I assisted disabled children with their needs and everyday tasks.
